1 WHAT ARE DELIVERY STANDARDS?

Delivery standards represent the expected transit time in business days from the day of deposit (day 0) to delivery for items deposited before the local cut-off time. A business day is a day other than Saturday, Sunday, a statutory holiday and any day observed as a holiday by Canada Post. For all services, deposits on days other than business days are considered as being accepted on the next business day. Items deposited after the last collection time specified on the street letter box or after the cut-off time of the deposit location approved by Canada Post are considered as being deposited on the next business day. Visit canadapost.ca/cutofftimes for the list of deposit location cut-off times. Delivery standards are based on available transportation and, therefore, are subject to change without notice.

The delivery standards do not apply to items that are return to sender or forwarded.

1.1 Important definitions

- **Local** – Where the destination city/town is the same as the originating city/town.
- **Provincial** – Where the destination city/town is in the same province as the originating city/town.
- **Regional** – Where the destination city/town is in the same region as the originating city/town. Canadian regions are grouped according to Table 1.

Table 1: Canadian regions

REGION	GEOGRAPHICAL AREA
Atlantic	New Brunswick, Newfoundland and Labrador, Nova Scotia and Prince Edward Island
Central	Québec and Ontario, including Northwestern Ontario (Postal Codes ^{OM} P7A-P7L, P8N, P8T, P9A, P9N, P0T-P0Y)
Western	British Columbia, Alberta, Saskatchewan, Manitoba and Northwestern Ontario (Postal Codes P7A-P7L, P8N, P8T, P9A, P9N, P0T-P0Y)
Nunavut East	X0A
Nunavut West	X0B and X0C
Northwest Territories	X0E, X0G and X1A
Yukon	Y0A, Y0B and Y1A

- **National** – Where the destination city/town is in a different region as the originating city/town.
- **FSA** (Forward Sortation Area) is the first 3 characters of the Postal Code. The FSA identifies the major geographic area in an urban or rural location
- **LDU** (Local Delivery Unit) is the last 3 characters of the Postal Code. The LDU identifies the smallest delivery unit within the FSA
- **Processing facility** - a facility at which parcels and mail are separated, sorted and transported to destination facilities for further processing or delivery. See Table 8 for DM/TM and Table 11 for Parcels.

- **Major urban centre** - a location with a processing facility for sorting, processing and distributing parcels and mail. Delivery standards to and from major urban centres are shortest because parcels and mail do not need to be transported to or from a processing facility before they are delivered - Table 8 for DM/TM and Table 11 for Parcels.
- **Non-major urban centre** - a location without a processing facility. Delivery standards to or from non-major urban centres are longer because non-local parcels and mail need to be transported to or from a processing facility before they can be delivered. See Table 8 for DM/TM and Table 11 for Parcels.
- **Northern regions and remote areas** – a location that is far removed from major urban centres or that receives infrequent service. All remote areas are listed in Table 9.

2 DIRECT MARKETING AND TRANSACTION MAIL

The following table provides an overview of the applicable delivery standards. Delivery standards are not guaranteed.

* Subtract 1 day for time-committed Publications Mail.

** For Neighbourhood Mail only, please refer to Table 7 (delivery cycle) to determine the delivery standard applicable to your mailing and add it to the transportation time above.

NOTE: Table 8 or Table 9 will identify the processing facility and the classification (i.e. whether it is located in a major urban centre, non-major urban centre or remote area) of the FSA where your mailing will be deposited or delivered.

2.1 Personalized Mail™ and Postal Code Targeting (Machineable standard)

In order to calculate the estimated delivery standard for these services, follow the steps below:

1. Using Table 8, determine the FSA where your mailing will be deposited to find the associated processing facility;
2. Using Table 8, determine the FSA where your mailing will be delivered to find the associated processing facility;
3. Using Table 3, calculate the delivery standard by using the applicable processing facilities identified above.

2.2 Personalized Mail™ (Special Handling and Machineable Oversize) and Publications Mail™

In order to calculate the estimated delivery standard for these services, follow the steps below:

1. Using Table 8, determine the FSA where your mailing will be deposited to find the associated processing facility;
2. Using Table 8, determine the FSA where your mailing will be delivered to find the associated processing facility;
3. Using Table 4, calculate the delivery standard by using the applicable processing facilities identified above.

2.4 Neighbourhood Mail™

In order to calculate the estimated delivery standard for this service, simply add the transportation time and the delivery cycle by following these steps:

1. Using Table 8, determine the FSA where your mailing will be deposited to find the associated processing facility;
2. Using Table 8, determine the FSA where your mailing will be delivered to find the associated processing facility;
3. Using Table 6, calculate the **transportation time** by using the applicable processing facilities identified above;
4. Using Table 7, determine the **delivery cycle** applicable to your mailing and **add it to the transportation time**.

Category	THICKNESS	WEIGHT	DELIVERY CYCLE*
Standard and Oversize	up to 0.75 in. (1.91 cm)	up to 200 g (7.05 oz.)	up to 3 business days
	up to 1 in. (2.54 cm)	up to 300 g (10.58 oz.)	up to 4 business days
		up to 500 g (17.64 oz.)	up to 9 business days

* For non-letter carrier routes, the delivery cycle, in business days, is 1 day for items up to 500 g (17.64 oz.) and 3 to 5 days for items up to 1,000 g (35.3 oz.) with a maximum thickness of 1.5 in. (3.81 cm).

2.5 Processing Facilities and Remote Areas for Direct Marketing and Transaction Mail

There are 18 Canada Post processing facilities where we process Direct Marketing and Transaction Mail. Use the following tables to identify the processing facility and the classification (i.e. whether it is located in a major urban centre, non-major urban centre or remote area) of the FSA where your mailing will be deposited or delivered.

NOTE: Postal Code / FSAs that are not included in this table are considered remote/northern areas (see Table 9 for details).

Exceptions:

- * For A0P, A0R and A2V (transported to the processing facility in Québec QC), add 6 business days to the delivery standard.
- ** Exceptions apply, some Postal Codes within this FSA are considered as remote/northern area, see Table 9 for a complete list.
- *** Both above exceptions apply.

NOTE: Pallets and/or monotonainers of brick-piled mail destined to a major urban centre FSA are considered "LOCAL" only when they are deposited at the associated processing facility. All other destinations are considered to be "FORWARD".

The following table indicates the processing facilities associated with the postal code located in remote areas.

3 TRANSACTION MAIL (U.S.A AND INTERNATIONAL)

Delivery standards for U.S. and International Transaction Mail are estimates of how long it will take for a mail deposit to be delivered. These delivery standards are not guaranteed. All international mailings will be delivered by and in accordance with the requirements of the destination country.

3.1 Letter-post (U.S.A. and International)

The estimated delivery standards for Letter-post (U.S.A. and International) are:

U.S.A.	4 to 6 business days
International	4 to 7 business days

3.2 International Incentive Letter-post™

The estimated delivery standards for International Incentive Letter-post are:

U.S.A. Premium Incentive and U.S.A. Per Item Incentive	4 to 6 business days
International Premium Incentive/International Per Item Incentive	4 to 7 business days
U.S.A. Standard Incentive	5 to 7 business days
International Standard Incentive	4 to 6 weeks

4 PARCEL SERVICES (DOMESTIC)

Delivery standards for domestic parcels are estimated in Table 10.

* Days are in business days. Exceptions apply in some areas.

Exact delivery standards exist for every origin-destination combination. Find the specific delivery standard from your postal code to a Canadian destination at canadapost.ca/deliverytool.

Delivery standards are based on normal delivery conditions and are subject to change without notice. The on-time delivery guarantee may be modified during peak period (see canadapost.ca/notice) or suspended due to causes beyond Canada Post's reasonable control, including, but not limited to, acts of God, epidemics, labour disruptions, equipment failures or unanticipated surges in volume. Priority, Xpresspost, Expedited Parcel and Flat rate box offer the On-time Delivery Guarantee feature (some exceptions apply, please refer to the General Terms and Conditions for more information). Delivery standards for Regular Parcel are not guaranteed. **Visit Canada Post's online Canadian Delivery Standard tool at canadapost.ca/deliverytool to find the specific delivery standard from your postal code.**

NOTE: Expedited Parcel is only available to contract customers. The Flat rate box is a prepaid product available only to consumers.

There are 21 Canada Post processing facilities across Canada that have been designated to receive and distribute domestic parcels. Table 11 shows to which processing facility all deposits are forwarded.

+ Add 1 day for National Priority service mailings from and to Major Urban Centres.

* For A0P, A0R and A2V (transported to the processing facility in Québec QC for Expedited Parcel and Regular Parcel), add 6 business days to the delivery standard.

** These FSAs are considered non-major urban centres for the Expedited Parcel service.

*** For P0T-P0X and P7A-P9N, items can be transported to either the Toronto or Winnipeg processing facilities for the purposes of calculating the most advantageous delivery standard possible.

4.1 Priority™

In order to calculate the guaranteed delivery standard for Priority™, follow these steps:

1. Using [Section 1.1 "Important definitions"](#), determine whether the item is being sent locally, regionally or nationally.
2. Using [Table 11](#), determine whether the item is originating from a major or non-major urban centre and retain the name of the designated processing facility.
3. Using [Table 11](#), determine whether the item is addressed to a major or non-major urban centre and retain the name of the designated processing facility.
4. Using [Table 12: Priority delivery standards grid](#), determine the delivery standard using the nearest point of origin and destination obtained in steps 2 and 3. Adjust the delivery standard as follows:
 - a) If the item is originating from or is addressed to a non-major urban centre (as it was determined in steps 2 or 3) and is a regional or national shipment: add 1 day.
 - b) If the processing facilities identified in steps 2 or 3 are the same and the shipment is not a local shipment: add 1 day.
 - c) If either the originating or destination FSA is non-major, use [Table 9: Postal codes of remote areas](#) to determine if either Postal Code is also remote. If the originating or destination Postal Code is remote: add up to 6 days.

4.2 Xpresspost™ and Xpresspost™ Certified

In order to calculate the guaranteed delivery standard for Xpresspost or Xpresspost Certified, follow these steps:

1. Using [Section 1.1 "Important definitions"](#), determine whether the item is being sent locally, regionally or nationally.
2. Using Table 11, determine whether the item is originating from a major or non-major urban centre and retain the name of the designated processing facility.
3. Using Table 11, determine whether the item is addressed to a major or non-major urban centre and retain the name of the designated processing facility.
4. Using Table 13: Xpresspost and Xpresspost Certified delivery standards grid, determine the delivery standard using the names of the processing facilities obtained in steps 2 and 3. Adjust the delivery standard as follows:
 - a) If the item is originating from or is addressed to a non-major urban centre (as it was determined in steps 2 or 3) and is a regional or national shipment: add 1 day.
 - b) If the processing facilities identified in steps 2 or 3 are the same and the shipment is not a local shipment: add 1 day.
 - c) If either the originating or destination FSA is non-major, use Table 9: Postal codes of remote areas to determine if either Postal Code is also remote. If the originating or destination Postal Code is remote: add up to 5 days.

Delivery standards are based on normal delivery conditions and are subject to change without notice. The on-time delivery guarantee may be modified during peak period (see canadapost.ca/notice) or suspended due to causes beyond Canada Post's reasonable control, including, but not limited to, acts of God, epidemics, labour disruptions, equipment failures or unanticipated surges in volume. Find the delivery standard from your postal code to a Canadian destination at canadapost.ca/deliverytool.

4.3 Expedited Parcel™

In order to calculate the guaranteed delivery standard for Expedited Parcel, follow these steps:

1. Using [Section 1.1 "Important definitions"](#), determine whether the item is being sent locally, regionally or nationally.
2. Using Table 11, determine whether the item is originating from a major or non-major urban centre and retain the name of the designated processing facility.
3. Using Table 11, determine whether the item is addressed to a major or non-major urban centre and retain the name of the designated processing facility.
4. Using Table 14: Expedited Parcel delivery standards grid, determine the delivery standard using names of the processing facilities obtained in steps 2 and 3. Adjust the delivery standard as follows:
 - a) If the item is originating from or is addressed to a non-major urban centre (as it was determined in steps 2 or 3) and is a regional or national shipment: add 1 day.
 - b) If the processing facilities identified in steps 2 or 3 are the same and the shipment is not a local shipment: add 1 day.
 - c) If either the originating or destination FSA is non-major, use Table 9: Postal codes of remote areas to determine if either Postal Code is also remote. If the originating or destination Postal Code is remote: add up to 6 days.

5 PARCEL SERVICES (U.S.A. AND INTERNATIONAL)

Delivery standards for the International and U.S. Parcel services are estimates of how long it will take for an item to be delivered.

DELIVERY STANDARDS TO THE U.S.A.

5.1 Priority™ Worldwide

Delivery standards are only available on the Canada Post website at canadapost.ca/tools/pg/manual/PGservstdsp1-e.asp or by calling Canada Post Customer Service at 1-888-550-6333.

5.2 Xpresspost™ – USA

In order to calculate the estimated delivery standard for Xpresspost - USA, follow these steps:

1. Use Table 17: Transit time - Xpresspost – USA to determine to which of the three processing facilities the shipment will be forwarded based on your originating FSA. Retain the number of additional business days to add to the delivery standard.
2. Determine the applicable delivery standard, considering the processing facility determined in step 1, using one of the following tables:
 - ☐ Use Table 18: Xpresspost – USA delivery standards to Major U.S. Urban Centres if the item is addressed to one of the 27 listed major U.S. cities
 - ☐ Use Table 19: Xpresspost – USA delivery standard to U.S. states if the item is not addressed to one of the major cities listed in Table 18.
3. Add the number of additional business days retained in step 1 to the delivery standard.

NOTE 1: The above calculations are for estimation purposes only. More accurate delivery standards will be presented by our shipping systems or tools when a destination Post Code is provided by the shipper. Guaranteed delivery standards will be determined at the time of acceptance of the item by Canada Post. Some exceptions apply.

2. The On-time Delivery Guarantee does not apply to:

- ☐ post office box addresses;
- ☐ food items;
- ☐ items mailed to U.S. territories and possessions (American Samoa 96799; Wake Island 96898; Guam, Palau, Micronesia, Mariana Islands and Marshall Islands 969);
- ☐ United States Army Post Offices (APO's) or military installations (U.S. Military Zips 090-098, 962-966, 340).

Delivery standards are for items sent between most major urban centres and depend on origin and destination. Delivery standards are in business days, not calendar days, and exclude time in customs. Delivery standards are based on normal delivery conditions and available transportation; they are therefore subject to change without notice.

The on-time delivery guarantee may be modified during a peak period (see canadapost.ca/notice) or suspended due to causes beyond Canada Post's reasonable control, including, but not limited to, acts of God, epidemics, labour disruptions, equipment failures or unanticipated surges in volume.

5.3 Expedited Parcel™ – USA

In order to calculate the delivery standard for Expedited Parcel - USA, follow these steps:

1. Use Table 20: Transit time - Expedited Parcel – USA to determine to which of the three processing facilities the shipment will be forwarded based on your originating FSA. Retain the number of additional business days to add to the delivery standard.
2. Determine the applicable delivery standard, considering the processing facility determined in step 1, using one of the following: tables:
 - ☐ Use Table 21: Expedited Parcel – USA delivery standards to Major U.S. Urban Centres if the item is addressed to one of the 27 listed major U.S. cities
 - ☐ Use Table 22: Expedited Parcel – USA delivery standards to U.S. states if the item is not addressed to one of the major cities listed in Table 21.
3. Add the number of additional business days retained in step 1 to the delivery standard.

Delivery standards are for items sent between most major urban centres and depend on origin and destination. Delivery standards are in business days, not calendar days, and exclude time in customs. Delivery standards are based on normal delivery conditions and available transportation; they are therefore subject to change without notice.

The on-time delivery guarantee may be modified during a peak period (see canadapost.ca/notice) or suspended due to causes beyond Canada Post's reasonable control, including, but not limited to, acts of God, epidemics, labour disruptions, equipment failures or unanticipated surges in volume.

5.4 Tracked Packet™ – USA

Please note that delivery standards for Tracked Packet – USA are expected delivery times and are not guaranteed.

In order to calculate the expected delivery time for Tracked Packet – USA, follow these steps:

1. Use Table 23: Transit time - Tracked Packet – USA to determine to which of the three processing facilities your item will be forwarded to based on your originating FSA. Retain the number of additional business days to add to the delivery standard.
2. Determine the applicable delivery standard, considering the processing facility determined in step 1, using one of the following:
 - ☐ Use Table 24: Tracked Packet – USA delivery standards to Major U.S. Urban Centres if the item is addressed to one of the 27 listed major U.S. cities
 - ☐ Use Table 25: Tracked Packet – USA delivery standards to U.S. states if the item is not addressed to one of the major cities listed in Table 24.
3. Add the number of additional business days retained in step 1 to the delivery standard in step 2.

Delivery standards are for items sent between most major urban centres and depend on origin and destination. Delivery standards are in business days, not calendar days, and exclude time in customs. Delivery standards are based on normal delivery conditions and available transportation; they are therefore subject to change without notice.

The on-time delivery guarantee may be modified during a peak period (see canadapost.ca/notice) or suspended due to causes beyond Canada Post's reasonable control, including, but not limited to, acts of God, epidemics, labour disruptions, equipment failures or unanticipated surges in volume.

5.5 Small Packet™

The estimated delivery standards to U.S. destinations are:

Small Packet – Air

5 to 8 business days

DELIVERY STANDARDS TO AN INTERNATIONAL DESTINATION

5.6 Priority™ Worldwide

Delivery standards are only available on the Canada Post website at canadapost.ca/tools/pg/manual/PGservstdsp1-e.asp or by calling Canada Post Customer Service at 1-888-550-6333.

5.7 Xpresspost™ – International

In order to calculate the estimated delivery standard for Xpresspost-International, follow these steps:

1. Use Table 26: Transit time - Xpresspost – International to determine to which of the three processing facilities your item will be forwarded to based on your originating FSA. Retain the number of additional business days to add to the delivery standard. If your **FSA* is in the range of P0V-T9X, X0B-X0G and Y0A-Y0B** you will need to use the instructions in [Section 4.2](#) to determine the domestic Xpresspost standard between your FSA and the Forward Processing Facility identified.
2. Determine the applicable delivery standard, considering the processing facility determined in step 1, using Table 27: Xpresspost – International delivery standards to select destinations.
3. Add the number of additional business days retained in step 1 to the delivery standard in step 2.

NOTE 1: The above calculations are for estimation purposes only. More accurate delivery standards will be presented by our shipping systems or tools when a destination Post Code is provided by the shipper. Guaranteed delivery standards will be determined at the time of acceptance of the item by Canada Post. Some exceptions apply.

2: The On-time Delivery Guarantee applies to all destinations.

5.8 Tracked Packet™ – International

In order to calculate the expected delivery time for Tracked Packet – International, follow these steps:

1. Use Table 28: Transit time - Tracked Packet – International to determine to which of the three processing facilities your item will be forwarded to based on your originating FSA. Retain the number of additional business days to add to the delivery standard. If your **FSA* is in the range of P0V-T9X, X0B-X0G and Y0A-Y0B** you will need to use the instructions in [Section 4.2](#) to determine the domestic Xpresspost standard between your FSA and the Forward Processing Facility identified.
2. Determine the applicable delivery standard, considering the processing facility determined in step 1, using Table 29: Tracked Packet – International delivery standards.
3. Add the number of additional business days retained in step 1 to the delivery standard in step 2.

NOTE: Delivery standards for Tracked Packet – International are not guaranteed.

Delivery standards are for items sent between most major urban centres and depend on origin and destination. Delivery standards are in business days, not calendar days, and exclude time in customs. Delivery standards are based on normal delivery conditions and available transportation; they are therefore subject to change without notice.

The on-time delivery guarantee may be modified during a peak period (see canadapost.ca/notice) or suspended due to causes beyond Canada Post's reasonable control, including, but not limited to, acts of God, epidemics, labour disruptions, equipment failures or unanticipated surges in volume.

5.9 International Parcel™
